Dear Mrs Lacey,

Traffic Signal Works – High Street / Delven Lane, Castle Donington

Leicestershire County Council is expected to start work on the above scheme during the week commencing 12th February 2018.

As you are no doubt aware traffic volumes in Castle Donington have increased considerably in recent times due to the ongoing Highways England smart motorways project and the infrastructure works at the East Midlands Gateway project. As a result of strategic traffic diverting through the village users have faced considerable delays during peak periods. To help mitigate the problem works will be undertaken during the half term break to change the sequence of the traffic lights. It is hoped that this temporary measure will reduce the times when right turning traffic at the bus terminus blocks the junction. The table below and attached drawing illustrate the changes.

	Existing Sequence	Sequence to be implemented
Stage 1	Traffic on High street has green signal in both directions	High Street (Northbound / downhill) has green signal
Stage 2	High Street traffic (downhill) held on red, right turn traffic has green arrow to Park Lane	High Street (Southbound / uphill) has green signal
Stage 3	Pedestrians across High Street	Pedestrians across High Street
Stage 4	Park Lane & Bus Terminus have green signals	Park Lane & Bus Terminus have green signals
Stage 5	Delven Lane traffic has green signal	Delven Lane traffic has green signal

Temporary signs will be provided at the traffic signals to advise pedestrians and drivers of the changes however I should be grateful if you could arrange to distribute this information to members of staff and also to parents to ensure they are aware of the changes.

It is expected that the signal works and associated carriageway markings will be completed within a couple of days some delays may be encountered during busy periods although every effort will be taken to minimise disruption. Should you have any queries about the above mentioned works etc please contact the Customer Service Centre on Leicester (0116) 305 0001

Yours sincerely

Mr MJ Smith
